Valley Partnership

Mr. Wetzel is a Partner and a SWABACK member for 29 years. His work has included architectural designs for commercial, hospitality, and residential projects, as well as large-scale master planning projects. He manages projects through all phases of design, including schematic design, construction document preparation, and construction administration.

Mr. Wetzel has overseen some of the most unique high-end custom homes the firm has created. His commitment to the firm and its clients, and his attention to detail, help inspire other colleagues to achieve their best. With his passion and desire to mentor, he adds significant value to the firm in multiple ways.

Examples of projects Mr. Wetzel has participated in include Northwest Tower, Lucero at Estrella, Insignia Commercial Group, and a variety of custom homes throughout Arizona, California, and Nevada. He is also currently working with several Native American tribes in both Arizona and California.
